

Dear CRHA Members,

We need your help to raise funds for our club! We are seeking support from our local business in the form of donations or items that can be used for raffles and prizes. Your support is greatly appreciated. Below is information about our club to share with sponsors.

Connecticut Ranch Horse Association (CRHA) is a small club, formed in 2004 that encourages participation of riders and horses, of any age or discipline to hone their skills by participating in various ranch activities. These activities include, but are not limited to, team penning, sorting, roping, trail obstacle, barrel racing and other similar events. CRHA provides an administrative service for various events that tallies points for participants. At the end of the year CRHA awards the top riders in each division.
